

The Longleaf Alliance's Longleaf Academy: Understory Restoration 201

This 2.5 day workshop will consist of both classroom lectures and hands-on field exercises. Expert botanists and ecologists from The Longleaf Alliance and partners will teach attendees in the subject areas of native plant identification, seed selection, understory restoration techniques and management methods.

Field work will occur on the Green Swamp Preserve, and will provide continuing education about the diverse longleaf understory, with an emphasis on native warm season grasses, composites and legumes.

Date: Tuesday, September 26 (0900), 2017 —
Thursday, September 28 (1200), 2017

Location: Lake Waccamaw State Park
1866 State Park Drive
Lake Waccamaw, NC 28450
